Mrs. M. B. Eggers, who has been engaged to teach the forthcoming school term in Kingman, came in from Long Beach, where she has been spending her vacation, last Tuesday morning.

Chairs for the Elk Theater have been received and are being put in place. In a short time the new theater will be open for business. It is one of the handsomest playhouses in the territory.

Miss Frankie Potts returned from Colorado last evening. She secured a transfer from the government school to the Truxton Canyon Indian school, and will assume her new duties in a few days.

The republicans and democrats will hold primaries next Saturday. The democrats will vote direct for candidates, while the republicans elect delegates to a county convention to be held later in the month.

Col. B. Frank Hall came in from Tucson, by way of Los Angeles, Wednesday morning and has gone to Cerbat, where he will look after the interests of the Golden Gem mining company. Col. Hall will probably remain at the mine for some time.

Work on the Arizona & Utah railroad is well under way and it is expected that the road will be in condition to move trains sometime next week. The road will shoo fly the big bridges and will fill in the old culverts. It will take several months to get it in the same condition as before the floods.

Miss Bertha Beecher came down from Flagstaff a few days ago for a short visit with her parents. Miss Beecher has been engaged to teach the forthcoming school term in the Flagstaff public school. She is one of the foremost educators in the territory and Flagstaff is to be congratulated on securing her services.

Mrs. J. N. Cohenour is in Kingman from Gold Road.

T. E. Pollock, of the Arizona Central Bank, is in Kingman.

L. Leutzinger has gone up the road as far as Williams to meet Mrs. Leutzinger, who is expected on this evening's train.

The Postal Telegraph company is now prepared to receive messages for transmission over the new government cable to Sitka, Juneau, Haines Mission and Skagway, Alaska. This line has just been completed.

A. Redewill, the well known pioneer dealer of Phenix, was in Kingman Thursday. The music house represented by Mr. Redewill is one of the oldest and most popular on the Pacific coast and has patrons all over the southwest.

Democratic candidates are hiking all over the county. The men who are successful in the primaries will have to make another canvas against their political antagonists, which makes office seeking under the Crawford system an expensive affair.

C. L. Lewis, superintendent, C. H. Coop, A. T. Halp, J. M. Meredith, J. D. Gilchrist, Mose Ross and Joseph Sheppard, of the Postal Telegraph company, have been in Kingman this week looking after repairs to the line. Mr. Coop has a big gang at work near Franconia and will make a thorough examination of the line as far east as Peach Springs.

Last evening a dance was given at Elk Hall in honor of several young ladies who are about to depart for Flagstaff and Tempe, where they will take up a course of studies in the normal schools. The Misses Gertie Potts and Isabel Blakely will go to Tempe, Florence Frost and Alta Hubbs will go to Flagstaff, Zoa and Veda Watkins will go to Santa Monica, Cal.

On the evening of Wednesday, September 14th, the Elk Building Company will give a grand ball at Elk Hall for the benefit of the company. As the republican county convention meets in Kingman on that date the delegates are invited to bring their wives and sweethearts to take part in the big event. Tickets will be on sale at one dollar per couple.

An immense air compressor for the Gold Road mining company was received at Kingman station last night. The company is to put in a large number of machine drills in the lower workings and it is necessary to increase the capacity of its compressor plant. It is rumored that a trial will be made of the new hand air drill in that property and if successful many will be put in.

Work on the mineral claim near the depot has been commenced and will be rushed to completion. About twenty tons of ore from all over the county will go into the claim, which will make it one of the most attractive mineral exhibit in the territory. Mohave county has a greater diversity of ores than any section of the coast and all classes and grades will go into this exhibit.

Robert Rosco is in from the Nixie mine, near Vivian, over in the Gold Road country, where he has been acting as companion to Henry P. Ewing. It will be remembered that Mr. Ewing lost his sight about the first of the year, but refused to give up active work, and a month or so ago went out to the Nixie, which property he owns, and has been at work there ever since. He manages to go from the camp to the mine, some three hundred yards away, and works in the shaft daily, drilling holes, loading and shooting them in the same manner he would have done had he the full use of his sight. He has the shaft down something over fifteen feet and is working all alone, refusing aid from anyone. The work of filling buckets and then going on top to hoist and dump them is rather arduous, but Ewing shows a bulldog tenacity and says he will stay with it until he has made a showing in the property. The mine is a large vein, similar to the veins of that section, and is said to carry good values in gold.

Don't overlook the handsome porcelain china dishes and silver ware at the Emporium. Trade stamps given with every dollar purchase, which entitles you to any selection you may make.

Bright & Drew, railroad contractors, have a large force of men and teams at work in the canyon below Kingman making repairs to the roadbed. A large force of bridge carpenters are also at work repairing bridges recently destroyed by floods. It will take at least a month to get bridges and roadbed in shape for fast trains to run over. In Truxton and Crozier canyons repairs are under way but it will be several months before the track is put in same condition that it was before the floods. The railroad company is rushing work all along the line, hundreds of extra men being on the payrolls of all sections in this county.

Frank Hamilton, one of the oldest residents of Mohave county, died at the hospital last night. Frank Hamilton came to Mohave county about thirty years ago and has resided here ever since. About fifteen years ago he was stricken with sciatic rheumatism and ever since had been unable to walk. He was always one of the most generous of men, while able to work and earn money and during all the years of his sad affliction he has been a patient sufferer. All the old time friends will hear of his death with sincere sorrow.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Texas, writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by H. H. Watkins.
